DISCLAIMER

The information contained in this presentation is solely for the purpose of familiarizing potential investors with CCC Intelligent Solutions Holdings Inc. ("CCC" or the "Company"). The information contained in this presentation is summary information that is intended to be considered in the context of the Securities and Exchange Commission ("SEC") filings of CCC and other public announcements that the Company may make, by press release or otherwise, from time to time. The Company does not undertake any duty or obligation to publicly update or revise the forward-looking statements or other information contained in this presentation. You should not view information related to the past performance of the Company or information about the market, as indicative of future results, the achievement of which cannot be assured.

The information contained herein is in summary form, does not purport to be complete and may be superseded in its entirety by any information made available to you after the date hereof, if any. Certain information has been obtained from public sources. You acknowledge and agree that (i) the Company and its affiliates bear no responsibility (and shall not be liable) for the accuracy, fairness or completeness (or lack thereof) of this presentation or any information contained herein or the use or misuse thereof except as required by law, (ii) no representation regarding this presentation is made by the Company or its affiliates and (iii) the Company and its affiliates shall have no obligation to update or supplement this presentation or otherwise provide additional information except to the extent required by applicable law.

Forward-Looking Statements. This presentation contains forward-looking statements that are based on beliefs and assumptions and on information currently available. In some cases, you can identify forward-looking statements by the following words: "may," "will," "could," "would," "should," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "project," "potential," "continue," "ongoing" or the negative of these terms or other comparable terminology, although not all forward-looking statements contain these words. These statements involve risks, uncertainties and other factors that may cause actual results, levels of activity, performance or achievements to be materially different from the information expressed or implied by these forward-looking statements. Forward-looking statements in this presentation include, but are not limited to, statements regarding future events, goals, plans and projections regarding the company's financial position, results of operations, market position, product development and business strategy. Such differences may be material. We cannot assure you that the forward-looking statements in this presentation will prove to be accurate. These forward looking statements are subject to a number of risks and uncertainties, including, among others, our revenues, the concentration of our customers and the ability to retain our current customers; our ability to negotiate with our customers on favorable terms; our ability to maintain and grow our brand and reputation cost-effectively; the execution of our growth strategy; the impact of public health outbreaks, epidemics or pandemics on our business and results of operations; our projected financial information, growth rate and market opportunity; the health of our industry, claim volumes, and market conditions; changes in the insurance and automotive collision industries, including the adoption of new technologies; global economic conditions and geopolitical events, including the imposition of trade tariffs, supply chain disruption and inflationary pressures; competition in our market and our ability to retain and grow market share; our ability to develop, introduce and market new enhanced versions of our solutions; our sales and implementation cycles; the ability of our research and development efforts to create significant new revenue streams; changes in applicable laws or regulations; changes in international economic, political, social and governmental conditions and policies, including corruption risks in China and other countries; our reliance on third-party data, technology and intellectual property; changes in our customers' or the public's perceptions regarding the use of artificial intelligence; our ability to protect our intellectual property; our ability to keep our data and information systems secure from data security breaches; our ability to acquire or invest in companies or pursue business partnerships; our ability to raise financing in the future and improve our capital structure; our success in retaining or recruiting, or changes required in, our officers, key employees or directors; our estimates regarding expenses, future revenue, capital requirements and needs for additional financing; our ability to expand or maintain our existing customer base; our ability to service our indebtedness; and other risks and uncertainties, including those included under the header "Risk Factors" in CCC's Annual Report on Form 10-K, filed with the SEC on February 25, 2025 and in the Company's other filings with the SEC. The forward-looking statements in this presentation represent our views as of the date of this presentation. We anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements at some point in the future, we have no current intention of doing so except to the extent required by applicable law. You should, therefore, not rely on these forward-looking statements as representing our views as of any date subsequent to the date of this presentation.

DISCLAIMER (CONT'D)

Industry and Market Data. In this presentation, CCC relies on and refers to certain information and statistics obtained from third-party sources including reports by market research firms. CCC has not independently verified the accuracy or completeness of any such third-party information. You are cautioned not to give undue weight to such industry and market data.

This presentation may include trademarks, service marks, trade names and copyrights of CCC, which are the property of their respective owners. Solely for convenience, some of the trademarks, service marks, trade names and copyrights referred to in this presentation may be listed without the TM, SM, (C), (R) or TM symbols, but CCC will assert, to the fullest extent under applicable law, the right of the applicable owners, if any, to these trademarks, service marks, trade names and copyrights.

Non-GAAP Financial Measures. This presentation includes certain financial measures not presented in accordance with generally accepted accounting principles in the U.S. ("GAAP"), including, but not limited to, "Adjusted EBITDA," "Adjusted EBITDA Margin," "Adjusted Gross Profit," and "Adjusted Gross Profit Margin" in each case presented on a non-GAAP basis, and certain ratios and other metrics derived therefrom. These non-GAAP financial measures are not measures of financial performance in accordance with GAAP and may exclude items that are significant in understanding and assessing the Company's financial results. Therefore, these measures should not be considered in isolation or as an alternative to other measures of profitability, liquidity or performance under GAAP. You should be aware that the Company's calculation of these non-GAAP measures may not be comparable to similarly-titled measures used by other companies.

The Company believes these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to the Company's financial condition and results of operations. The Company believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends in and in comparing the Company's financial measures with other similar companies, many of which present similar non-GAAP financial measures to investors. These non-GAAP financial measures are subject to inherent limitations as they reflect the exercise of judgments by management about which expense and income are excluded or included in determining these non-GAAP financial measures. Please refer to the reconciliations of these measures below to what the Company believes are the most directly comparable measures evaluated in accordance with GAAP.

This presentation also includes certain projections of non-GAAP financial measures. Due to the high variability and difficulty in making accurate forecasts and projections of some of the information excluded from these projected measures, together with some of the excluded information not being ascertainable or accessible, CCC is unable to quantify certain amounts that would be required to be included in the most directly comparable GAAP financial measures without unreasonable effort. Consequently, no disclosure of estimated comparable GAAP measures is included and no reconciliation of the forward-looking non-GAAP financial measures is included for these projections.

THE PROBLEM: ACCELERATING COMPLEXITY IS CREATING CHALLENGES FOR INSURERS AND CONSUMERS

Claims handling complexity is growing rapidly...

	LABOR SHORTAGES
	MEDICAL INFLATION
	INCREASING COGNITIVE LOAD

... Creating challenges for everyone

	Staffing Limitations New adjusters struggle to ramp and managers struggle to scale
	Failure to Intervene Early Missing the critical window where actions have the most impact
	Increased STD → LTD Conversion People not back to work and living productive lives
	Claims Leakage Errors leading insurers to pay more than what they owe
	Degraded Experience Delays with reduced claimant and employee satisfaction

BODILY INJURY CLAIMS ARE RIPE FOR **INTELLIGENT EXPERIENCES**

Each Claim is an Impossible Big Data Problem:

The complexity of a single claim is often too much for humans to process real time... yet the average claims examiner is responsible for **100+** claims at a given time

EVOLUTIONIQ IS AI-POWERED GUIDANCE FOR COMPLEX BODILY INJURY CLAIMS PROFESSIONALS

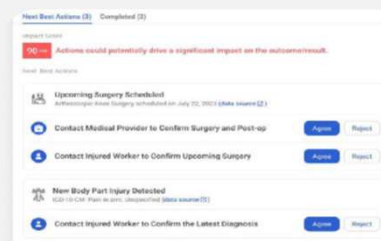

Who is EvolutionIQ?

- Cloud-native guidance **platform powered by transformative AI**
- Pioneering **Best Next Action** solution transforms complex claims data into actionable insights and tactical guidance for claims professionals
- Proven track record of delivering significant ROI while helping injured Americans return to their productive lives sooner
- Focused on injury claims resolution, a large and growing part of the insurance economy burdened by accelerating medical complexity

DEFINITIONS

Term	Definition
Net Dollar Retention	<p>Calculated by dividing (a) annualized software revenue recorded in the last month of the measurement period for unique billing accounts that generated revenue during the corresponding month of the prior year by (b) Software annualized software revenue as of the corresponding month of the prior year. The calculation includes changes for these billing accounts, such as additional solutions purchased, changes in pricing and transaction volume, but does not reflect revenue for new customer billing accounts added. The calculation excludes: 1) one-time revenue related to volume true-ups and professional services (including implementation and consulting revenue), and 2) annualized software revenue for smaller customers with annualized software revenue below the threshold of \$100,000 for carriers and \$4,000 for shops.</p> <p>Beginning with the quarter ended March 31, 2025, Net Dollar Retention includes EvolutionIQ's software revenue, consistent with the methodology described above using Net Dollar Retention on a combined company basis for the prior year annualized software revenue to determine annualized revenue growth.</p>
Gross Dollar Retention	<p>Calculated by dividing (a) annualized software revenue recorded in the last month of the measurement period in the prior year, reduced by annualized software revenue for unique billing accounts that are no longer customers as of the current period end by (b) annualized software revenue as of the corresponding month of the prior year. The calculation reflects only customer losses and does not reflect customer expansion or contraction for these billing accounts and does not reflect revenue for new customer billing accounts added. The calculation excludes: 1) changes in estimates for one-time revenue related to volume true-ups and professional services (including implementation and consulting revenue), and 2) annualized software revenue for smaller customers with annualized software revenue below the threshold of \$100,000 for carriers and \$4,000 for shops.</p> <p>Beginning with the quarter ended March 31, 2025, Gross Dollar Retention includes EvolutionIQ's software revenue, consistent with the methodology described above using Gross Dollar Retention on a combined company basis for the prior year annualized software revenue to determine annualized revenue growth.</p>
Recurring Software Revenue	<p>Software subscriptions and hosted services are recognized over time and provide customers with the right to use the hosted software over the contract period without taking possession of the software and are billed on either a subscription or transaction basis. Software revenues are billed on a subscription or transaction basis under multi-year contracts for services.</p>
Other Revenue	<p>Comprised of professional services, implementation fees and other non-software services. Implementation fee revenue is recognized ratably over the contract period while other non-software services revenue is recognized in the period the service is performed.</p>
